Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Applicant's response to the office action of 03/17/06 is acknowledged on 06/21/06.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claim 13 is rejected under 35 U.S.C. 103(a) as being unpatentable over Saiz in view of Pettigrew et al. (US Patent No. 6,852,039).

Saiz discloses a golf ball that has grooves. However Saiz fails to disclose the use of a logo, number, symbol, and slogan printed on the groove. However, the use of indicia on a golf ball is not new and Pettigrew is one reference that teaches the use of indicia (see element 350 in Fig. 1A). It would have been obvious to one of ordinary skill in the art at the time the invention was made to provide the Saiz device with an indicia as taught by Pettigrew in order to provide guidance to the golfer as to the manner in which he or she should play the golf ball during practice (see column 2 lines 55+ of the Pettigrew reference).

Allowable Subject Matter

Claims 1, 9-12, 15, and 16 are allowed.

Claim 14 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's argument in regards to claim 13, filed 06/21/06 has been fully considered but is not persuasive. Saiz discloses a groove at the circumference of the ball (see Fig. 5) and the secondary reference Pettigrew discloses a symbol (350) at the circumference of the golf ball. Thus, it would have been obvious to one of ordinary skill in the art to provide the Saiz device with a symbol as taught by Pettigrew in order to provide guidance to the golfer as to the manner in which he or should play the golf ball during practice (see column 2 lines 55+ of the Pettigrew reference).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

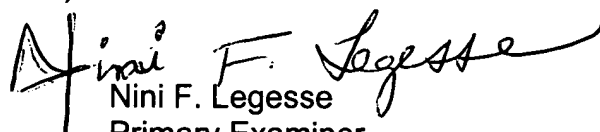

Art Unit: 3711

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
